

**Thanks to you, millions people
can now see life more comfortably!**

**Together, we have reached the milestone
of 100 millions pairs of Varilux Comfort® lenses.**

A lens which has established itself
as the gold standard “natural vision” progressive lenses.

A big thanks to all the opticians who trusted us – it's the best present
we could have wished for to celebrate our 50th birthday!

VARILUX®
an Essilor Lens
